Not that I am aware of, but snail mail takes a long time to make its way through the system these days. If we got/get one, I'm sure I will hear about it. If I do, I will let you know.

Carol:

I know NOAA received a similar letter from Senator Feinstein.  
Do you know if USFW also received a letter?  
Any information would be really appreciated!

Thank you!

**Subject:** Heads up: PV Shelf/Montrose Permitted Ocean Disposal Site

Hi All:

Just want to give you a heads up that EPA was contacted by the LA Times and Senator Dianne Feinstein's office.

On March 3<sup>rd</sup>, Ms. Rossana Xia from LA Times contacted our public affair's office.

She indicated that she is working on an article that will consist of an overview of "what people are saying", what's being done, and what the regulatory agencies are doing.

Ms. Xia asked if we are willing to provide comments on Heal the Bay and Assembly Member O'Donnell's calls to action, or if we can provide a general comment on the site's status and/or our current actions.

We provided a statement to Ms. Xia last Friday, March 5<sup>th</sup>.

Based on the deadline we were given by Ms. Xia, the article should be published soon.

As for Senator Feinstein, we received a letter from her office yesterday (attached).

We are working on an response.

Please let me know if you have any questions.

Thank you!

Judy
